SO, WHAT IS...

THE SCRATCH

PROJECT

?

INTRO

The Scratch Project is a collection of people who on the one hand provide fantastic services for their clients, delivering excellence and taking great pride in their work.

On the other hand, they want to work together, with other project partners to group fund local good causes. Funding a smaller individual cost for the local greater good.

As our partners go about their normal business, being excellent and trusted as a recommendation we aim to share the wide array of services our partners can deliver with their clients.

The thinking being that if these clients want additional work from a different service, delivered in a similar excellent, professional fashion, we can share the comprehensive list of services the Scratch Project can deliver. Safe in the knowledge that only the most conscientious and skilled professionals are included as service providers in the Scratch Project!

OUR PARTNERS

Fitness & Leisure
IT & Communications**

**Motor Services
Professional Advice
Travel & Transport
Shops, Bars & Restaurants
Anything else**

If you would like a no obligation quotation for any of the above suggested services please get in touch via our Facebook page or email help@scratchproject.co.uk

The Scratch Project are not liable for any services provided, each business has been vetted for quality and having relevant insurances. The costs of each service are a private matter between you the customer and the business providing your chosen service.

Our aim is simply to suggest passionate trusted professional people who care about their work and who can help you achieve your objectives and they in turn will help to partner fund good causes in the local community.

"THEY WERE SO HAPPY FOR THE CHILDREN TO HAVE THE SUMMER HOUSE OPEN AGAIN AND A HUGE THANKS TO THE SCRATCH PROJECT FOR AGREEING TO TAKE THIS PROJECT ON AND COMPLETING IT."
